The meeting had the following objectives:

- Endorsement of discharge summary release 1;
- Review and provide feedback on Discharge Summary / Referrals brochure and roadmaps;
- Review recommendations in referrals environmental scan; and
- Review referrals first draft and agree on a forward review process.

Summary of Actions:

- NEHTA to review communication material to be more focused on consumers, clinicians and industry groups.
- List of program external stakeholders to be brought to the next meeting for review and feedback.
- NEHTA to develop a customer engagement strategy and report back at the next CCRG meeting.
- CCRG to provide feedback on eReferrals Core First Draft.

Summary Outcomes

- The CCRG endorsed discharge summary release 1.
- Agreed that Implementation and evaluation of the eDischarge Summary rather than further extensions to the core should be the priority.
